MAHINDRA JIVO 245DI 4WD, POWER, PERFORMANCE, PROFIT.

Mahindra JIVO brings unmatched power with the highest torque of 86Nm to carry out all operations with ease. It also offers the highest PTO power to efficiently drive all implements. The tractor now comes with a height adjustable seat allowing you to operate with a lowered seat. This ensures that low hanging fruits and vines do not collide with the driver's head. The reduced NVH makes for a comfortable and stress-free experience.

To navigate the narrowest lanes of the vineyard we shortened the bonnet by 60mm, the steering column by 90mm and the fender height is shortened by 90mm. The new Mahindra JIVO has a high lifting capacity of 750kg and is equipped with 4 wheel-drive for added traction.

With lowered maintenance costs, best-in-class mileage and easy availability of spare parts, your profits will only multiply. Get the new Mahindra JIVO 245 4WD to experience power, performance, and profits like never before.

PRESENTING MAHINDRA JIVO 245DI 4WD

The new 4WD tractor from Mahindra, is built for vineyards, orchards and interculture. It gives you the freedom to perform multi-applications, without any compromise. The only 17.9 kW (24 HP) 4WD tractor with DI engine, Mahindra JIVO gives you unmatched performance, power & mileage letting you accomplish much more at much less cost. Along with a sturdy and compact design comes versatility to maneuver smoothly in vineyards and orchards. So why wait, the power to do everything is now in your hands.

DESIGNED TOUGH, FOR THE TOUGHEST USAGE, IN MULTIPLE APPLICATIONS.

- Powerful for bigger implements
- 2 speed PTO for superior performance with rotovator
- Strong Metal body for everyday rugged use
- High lift capacity of 750 kg for lifting heavy loads easily

Plough: Deeper and uniform depth of cut

Cultivator: Easily pulls a 7 tyne cultivator

Rotovator: Best coverage with 1.2 m rotovator

Trolley: High road speed (25 km/h) allows you more trips in the same time

HIGHEST EFFICIENCY FOR SPRAYING IN VINEYARDS AND INTERCULTURE OPERATIONS.

- Better coverage and uniform spraying
- Highest PTO power in its category - matchless performance with high-end mist sprayers
- Best in class fuel efficiency powered by the DI engine
- 4WD for better traction
- Narrow track width 762 mm (30 inch) & Short turning radius of 2.3 m - Ease of turning and maneuverability in orchards

AUTOMATIC DRAFT & DEPTH CONTROL (AD/DC)

- Helps control the setting for implements like the plough and cultivator. Extremely useful while working in all Inter-culture applications

ADVANCE DESIGN FOR THE BEST IN STYLE AND COMFORT

- Power steering for easy control
- Side shift gears for ease in shifting
- Superior ergonomics for ease of working for long hours

Adjustable seat height lock mechanism

Fender height reduced by 90mm

Steering height lowered by 90mm

Bonnet height reduced by 60mm

NVH reduction

- High ground clearance for ease in inter-culture operations
